With all the changes from season to season, we need to create a new database of racers, including the transponders they currently own and the classes they plan to race. In order to be scored properly, if you own your transponder, we need to know their serial numbers for the upcoming season. Please fill out this form and fax to WTC 847-487-9122 or email to toleson1@racine-extreme.com
